

June \_\_, 2013

Mr. Carter Napier  
City Administrator  
City of Gillette  
201 E. 5th Street  
Gillette, WY 82717

**Re: Charter's Cable in the Classroom Commitment**

Dear Mr. Napier:

As you know, Bresnan Communications, LLC d/b/a Optimum ("Bresnan") currently holds a cable franchise with the City (as may be amended, the "Franchise"), and Charter Communications, Inc. ("Charter") is seeking the City's consent to transfer control of Bresnan, the Franchise and the local cable system to Charter (the "Change of Control").

The purpose of this letter is to inform you of Charter's commitment with respect to a cable industry educational initiative called Cable in the Classroom ("CIC"). As a member of CIC, Charter has pledged to provide Basic Service, Expanded Basic Service and one set top box as necessary to receive such services to any K-12 school (but not including home schools) and any public library passed by its local cable system, at no cost to such schools, libraries or the local municipalities in which such schools and libraries are located.

CIC areas of work include:

1. Exercise a national leadership role in advocating the innovative and effective use of broadband in teaching and learning, and for digital citizenship.
2. Encourage and recognize educational leadership that exemplifies the innovative use of cable services, broadband technology, media literacy, and related services and applications.
3. Represent the cable industry's commitment to education by showcasing the wide variety of cable initiatives in education, and by encouraging cable industry companies to continue their efforts to contribute to learning.

If the City consents to the Change of Control, Charter is committed to ensuring that Bresnan provide such Cable in the Classroom services within the City during the current term of the Franchise.

Please feel free to contact me at 770-754-5269 or [mark.brown@charter.com](mailto:mark.brown@charter.com), if you need have any questions regarding this educational commitment.

Sincerely,

**Charter Communications, Inc.**
