Hi Karlene,

This email is to notify you that I am working with H and H Inc, who is in the process of possibly building a Ruby Tuesday's in Gillette Wyoming. They have been given a plan review packet from our department and is working on submitting this information to me. It is my understanding that a food service permit is required in order to be able to apply for a liquor license. Our department does not issue a food service permit until the facility has met the needed requirements and is ready to operate. As long as guidelines set forth by the Wyoming Food Rule are met, obtaining a food service license shall be no issue. Dakota Cuisine Inc has indicated that they are willing to meet rules and regulations needed to obtain a food service permit from the Wyoming Dept. Of Ag.

If any further information is needed or I can be of any assistance, please contact me.

Rebecca Harrison
