## *Proclamation June as National Safety Month*

- Whereas,** June is National Safety Month and we are focusing on the important topics of prescription painkiller abuse, transportation safety, ergonomics, emergency preparedness and slips, trips and falls.
- Whereas,** According to National Safety Council estimates, cell phone-related crashes have increased for the third consecutive year and now account for 27 percent of all crashes. The estimate includes crashes involving drivers who are texting or talking on handheld or hands-free cell phones.
- Whereas,** Safety is a journey of continuous improvement by reducing risks, enhancing your system of managing safety, engaging everyone involved and measuring performance.
- Whereas,** Safety doesn't stop when you leave work, passing this philosophy on to employees and encouraging them to follow it at home creates a sustainable culture of safety.

**NOW Therefore,** be it resolved that I, Louise Carter-King, by virtue of the authority vested in me by the City of Gillette, County of Campbell, and State of Wyoming, do hereby proclaim the month of June 2015, as:

### *NATIONAL SAFETY MONTH*

And call upon the citizens of Gillette to make simple changes to prevent tragedy at work, in the home or on the roadway; Remember, Safety is Everyone's Responsibility.

**ADOPTED** this 2<sup>nd</sup> day of June 2015.
