Name: Jim Hloucal

Years as a City of Gillette Employee: 24

Why are you interested in being on this Committee?

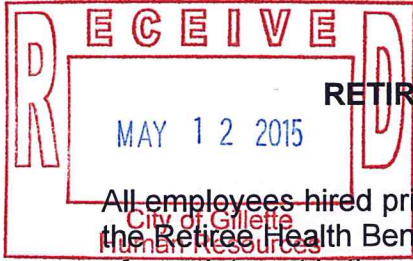

I have been on the committee since its inception, first and the under 20 years of service representative, and for the last 3 years as the over 20 years of service representative. I have knowledge and experience in attempting to understand and interpret the trust and make decisions on the administration.

The trust is extremely complex and there are interpretations and decisions that will need to be made in the near future that will affect many in the trust. I would like to continue to add my experience in helping resolve these new issues.

Tell us about your knowledge of financial issues.

I have experience in budgeting, investment (minimal), and have worked on this trust since the committee was established.

Application deadline is 5:00 p.m. on Friday, May 29, 2015 in Human Resources.
