Mr. Tony Knievel

Gillette, WY 82716-4259

Dear Tony,

The Esri Small Municipal and County Government Enterprise Agreement (EA) is a three-year agreement that will grant your organization access to Esri® term license software on an unlimited basis including maintenance on all software offered through the EA for the term of the agreement. The EA will be effective on the date executed and will require a firm, three-year commitment.

Based on Esri's work with several organizations similar to yours, we know there is significant potential to apply geographic information system (GIS) technology in many operational and technical areas within your organization. For this reason, we believe that your organization will greatly benefit from an enterprise agreement.

An EA will provide your organization with numerous benefits including:

- A lower cost per unit for licensed software
- Substantially reduced administrative and procurement expenses
- Maintenance on all Esri software deployed under this agreement
- Complete flexibility to deploy software products when and where needed

The following business terms and conditions will apply:

- All current departments, employees, and in-house contractors of the organization will be eligible to use the software and services included in the EA.
- If your organization wishes to acquire and/or maintain any Esri software during the term of the agreement that is not included in the EA, it may do so separately at the Esri pricing that is generally available for your organization for software and maintenance.
- The organization will establish a single point of contact for orders and deliveries and will be responsible for redistribution to eligible users.
- The organization will establish a Tier 1 support center to field calls from internal users of Esri software. The organization may designate individuals as specified in the EA who may directly contact Esri for Tier 2 technical support.

- The organization will provide an annual report of installed Esri software to Esri.
- Esri software and updates that the organization is licensed to use will be automatically available for downloading.
- The fee and benefits offered in this EA proposal are contingent upon your acceptance of Esri's Small Municipal and County Government EA terms and conditions.
- Licenses are valid for the term of the EA.

This program offer is valid for 90 days. To complete the agreement within this time frame, please contact me within the next seven days to work through any questions or concerns you may have. To expedite your acceptance of this EA offer:

2. On the first page of the EA, identify the central point of contact/agreement administrator. Customer may not permit its consultants or contractors to install Software or Data on consultant, contractor, or third-party computers or remove Software or Data from Managing Customer locations, except for the purpose of hosting the Software or Data on Contractor Servers for the benefit of Customer.

3.0—TERM, TERMINATION, AND EXPIRATION

3.1 Term. This Agreement and all licenses hereunder will commence on the Effective Date and continue for the duration identified in the Term of Agreement, unless this Agreement is terminated earlier as provided herein. Customer is only authorized to use Products during the Term of Agreement. For an Agreement with a limited term, Esri does not grant Customer an indefinite or a perpetual license to Products.

Upon the termination of an Authorized Entity, all Products Deployed to the Authorized Entity will also terminate. Managing Customer shall reasonably cooperate with Esri in termination of an Authorized Entity for material breach of this Agreement, including enforcement of the Agreement with respect to such Authorized Entity. There will be no reduction in the Fee if an Authorized Entity's rights are terminated. The terminated Authorized Entity will have no further access to any benefits, entitlements, rights, or other items included in or otherwise related to this Agreement.

As new Products are incorporated into the standard program, they will be offered to Managing Customer via written notice for incorporation into the Products schedule at no additional charge. Customer's use of new or updated Products requires Customer to adhere to applicable additional or revised terms and conditions of the License Agreement.

4.2 Product Life Cycle. During the Term of Agreement, some Products may be retired or may no longer be

available to Deploy in the identified quantities. Maintenance will be subject to the individual Product Life Cycle Support Status and Product Life Cycle Support Policy, which can be found at <http://support.esri.com/en/content/productlifecycles>. 6.0—ENDORSEMENT AND PUBLICITY

This Agreement will not be construed or interpreted as an exclusive dealings agreement or Customer's endorsement of Products. Either party may publicize the existence of this Agreement.

7.0—ADMINISTRATIVE REQUIREMENTS

- 7.1 OEM Licenses.** Under Esri's OEM or Solution OEM programs, OEM partners are authorized to embed or bundle portions of Esri products and services with their application or service. OEM partners' business model, licensing terms and conditions, and pricing are independent of this Agreement. Customer will not seek any discount from the OEM partner or Esri based on the availability of Products under this Agreement. Customer will not decouple Esri products or services from the OEM partners' application or service.
- 7.2 Annual Report of Deployments.** At each anniversary date and ninety (90) calendar days prior to the expiration date of this Agreement, Managing Customer will provide Esri with a written report detailing all Deployments. Upon request, Customer

will provide records sufficient to verify the accuracy of the annual report.

8.0—ORDERING, ADMINISTRATIVE PROCEDURES, DELIVERY, AND DEPLOYMENT

8.1 Orders, Delivery, and Deployment

- a. Upon the Effective Date, Esri will invoice Managing Customer and provide Authorization Codes to activate the nondestructive copy protection program that enables Managing Customer to download, operate, or allow access to the Products. If this is a multi-year Agreement, Esri may invoice the Fee before the annual anniversary date for each additional year.
- b. Undisputed invoices will be due and payable within thirty (30) calendar days from the date of invoice. Esri's federal ID number is 95-2775-732.
- c. If requested, Esri will ship backup media to the ship-to address identified on the Ordering Document, FOB Destination, with shipping charges prepaid. Managing Customer acknowledges that should sales or use taxes become due as a result of any shipments of tangible media, Esri has a right to invoice and Managing Customer will pay any such sales or use tax associated with the receipt of tangible media.

8.2 Order Requirements. Esri does not require Managing Customer to issue a purchase order. Managing Customer may submit a purchase order in accordance with its own process requirements, provided that if Managing Customer issues a purchase order, Managing Customer will submit its initial purchase order on the Effective Date. If this is a multi-year Agreement, Managing Customer will submit subsequent purchase orders to Esri at least thirty (30) calendar days before the annual anniversary date for each additional year.

- a. All orders pertaining to this Agreement will be processed through Managing Customer's centralized point of contact.
- b. The following information will be included in each Ordering Document:
 - (1) Managing Customer name; Esri customer number, if known; and bill-to and ship-to addresses
 - (2) Order number
 - (3) Applicable annual payment due

9.0—MERGERS, ACQUISITIONS, OR DIVESTITURES

If Customer is a commercial entity, Customer will notify Esri in writing in the event of (i) a consolidation, merger, or reorganization of Customer with or into another corporation or entity; (ii) Customer's acquisition of another entity; or (iii) a transfer or sale of all or part of Customer's organization (subsections i, ii, and iii, collectively referred to as "Ownership Change"). There will be no decrease in Fee as a result of any Ownership Change.

- 9.1** If an Ownership Change increases the cumulative program count beyond the maximum level for this Agreement, Esri reserves the right to increase the Fee or terminate this Agreement and the parties will negotiate a new agreement.
- 9.2** If an Ownership Change results in transfer or sale of a portion of Customer's organization, that portion of Customer's organization will uninstall, remove, and destroy or transfer the Products to Customer.
- 9.3** This Agreement may not be assigned to a successor entity as a result of an Ownership Change unless approved by Esri in writing in advance. If the assignment to the new entity is not approved, Customer will require any successor entity to uninstall, remove, and destroy the Products, and this Agreement will terminate upon such Ownership Change.
