50170-76-440-70- 47610	\$55,000.00	\$29,181.00	\$25,819.00

### Background

These are replacements for Unit 119 in our Water Division, under project number 19VM02 within account #604-30-37-419-70-47610 and one additional unit allowed for through CIP under Project number 19VM16 in account #50170-76-440-70-47610. This truck will be used by our SCADA Division. The difference in budget amounts is due to the CIP request written as a 1 Ton at \$55,000. Discussions with SCADA personnel indicated that a  $\frac{3}{4}$  ton pickup was sufficient for their needs. For this reason the SCADA unit was bundled with another  $\frac{3}{4}$  ton scheduled to be replaced to leverage a better bid. The remaining funds will be used to up fit the vehicles with necessary equipment, appropriate lighting, City of Gillette signage, etc.
